Competition Format and Rules

競技形式および規則 / Format et règlement des compétitions

As of THU 1 JUL 2021

OLYMPIC COMPETITION FORMAT

The trampoline gymnastics programme at the Tokyo 2020 Olympic Games consists of the women's event and men's event. Each event consists of a qualification and a final. Both phases of the men's event will take place on one day, and both phases of the women's event on another day, with the following format:

Qualification

- Two routines: one voluntary routine with 10 skills (with four skills counting difficulty) including set requirements and a second voluntary routine of 10 different skills without limitations.

Final

- The top eight gymnasts from the qualifications, including all tied for the eighth place, will perform a single voluntary routine of 10 different skills without limitations.

DIFFERENCES BETWEEN THE FIG WORLD CHAMPIONSHIPS AND THE OLYMPIC GAMES

Fewer gymnasts can compete at the Olympic Games, and only individual trampoline gymnastics is recognised as an Olympic discipline.

The FIG World Championships also feature synchronised trampoline (two competitors on separate trampolines performing simultaneously), double mini-trampoline and tumbling events for both genders.

There are also team events for individual trampoline, double mini-trampoline and tumbling at the FIG World Championships.

There is an all-around team final at the world championships, which includes all events (individual trampoline, synchronised trampoline, tumbling and double mini-trampoline) for men and women.

CHANGES SINCE THE RIO 2016 OLYMPIC GAMES

The code of points has been changed:

- The "horizontal displacement" score has been introduced.

SPORT RULES AND PROCEDURES

Rules for Olympic competition

Each routine consists of 10 skills on the trampoline bed. Competitors must submit a competition card before the competition, listing the skills which they intend to perform.

The routines are judged for difficulty and for execution. Time of flight and horizontal displacement are evaluated electronically.

In the case of the first routine, all the skills must be performed as stated or a deduction will apply.

Competitors begin on a signal given by the chair of the judges' panel. After this signal is given, the competitor must initiate the first skill within one minute; otherwise there is a deduction.

The starting order in the qualifications is decided by a draw.

In the finals the starting order is by rank, with the competitor receiving the lowest score from the qualifications starting first.

Jury composition

There are nine judges appointed for individual competition:
Chair of judges' panel, two difficulty judges, six execution judges.

- Difficulty jury (two judges) - calculate the final difficulty score.
- Execution jury (six judges) - evaluate the quality of the actual execution (technical faults such as lack of form, consistency of height and control in each skill (0.1-0.5pts); final landing (0.1-0.2pts); etc.
- Time of flight - the evaluation of time of flight will be done electronically (controlled by chair of judges' panel)
- Horizontal displacement - the evaluation of horizontal displacement will be done electronically (controlled by chair of judges' panel).

Distribution and calculation of scores

Difficulty (D): Open score - depending on the level of difficulty included

Execution (E): Each of the six judges evaluates the performances independently (maximum score 10.0 points). The sum of the two median deductions of the execution judges is taken as the deduction per element, then the sum of the median deductions [considering landing deductions] is subtracted from the highest possible execution score [max. 20 pts] to give the gymnast's execution score for a routine.

Time of flight (T): The total time of flight measured to 1/1000th of a second is considered as the score for the time of flight.

Horizontal displacement (H): The evaluation of the horizontal displacement (maximum score 10.00 points).

For each qualification routine and final: final score = D + E + T + H – penalties (if any)

Example:

D: 11.500

E: 18.000

T: 18.455

H: 7.500

P: - 0.200

Final score: 11.500 + 18.000 + 18.455 + 7.500 - 0.200 = 55.255

Tiebreak rules and procedures

The FIG tiebreaking rules are presented in the FIG technical regulations and define how to determine which gymnast should prevail in case of equality of points. In trampoline gymnastics, the main principles are the following:

Qualification

In case of a tie at any place, ties will be broken by the following criteria:

1. The sum of the execution scores of both routines.
2. The sum of horizontal displacement scores of both routines.
3. The sum of the time of flight scores of both routines.
4. If the gymnasts remain tied, they will share the same classification. This may mean that more than eight gymnasts qualify for the final.

Final

In case of a tie at any place, ties will be broken by the following criteria:

1. The execution score in the final routine.
2. The horizontal displacement score in the final routine.
3. The time of flight score in the final routine.
4. If the gymnasts remain tied, they will share the same classification.

Penalties/disqualification rules

Penalties occur out of the performance (e.g. exceeding time of warm-up). The penalties are deducted from the score of the next routine. Failure to abide by the regulations, or unsportsmanlike behaviour, are grounds for disqualification. In such instances, the gymnast may first be given a warning, and then would be disqualified if the misconduct were repeated.

Score inquiries

Inquiries are allowed only for the difficulty scores. They must be made verbally immediately after the display of the score and then must be confirmed in writing.

Only the accredited coaches in the competition area are entitled to submit an inquiry.

Late verbal inquiries will be rejected. NOCs may not inquire about a gymnast from another NOC.

Every inquiry must be examined by the superior jury and a final decision (which may not be appealed) must be taken.

The detailed procedure is outlined in the FIG technical regulations.

In exceptional circumstances, the FIG might issue an "official communication" (C67) with an explanation of the situation.
